

ROGUE ∞ RED

RESPONSIVE FEEL. CONFIDENT FACE DELIVERY.

NEW ALDILA™ ROGUE ∞ RED Available 2026

Delivers responsive feel, consistent impact, and stable performance with confident feedback.

ALDILA

ALDILA™ ROGUE ∞ RED

ROGUE ∞ Red is engineered for golfers seeking a smoother delivery profile and right start-line tendencies without sacrificing stability or feel. Using Dual Torque Core construction, ROGUE ∞ Red promotes responsive loading and unloading to support repeatable face delivery and consistent impact conditions. The result is a profile that feels effortless throughout the swing while maintaining the control and performance expected from the ROGUE platform.

ALDILA's Dual Torque Core is a proprietary shaft technology designed to reduce torque and improve stability without sacrificing smooth feel. It is the centerpiece of the ALDILA ROGUE ∞ (Infinity) series and focuses on the torque core—the part of the shaft responsible for transmitting vibrations from impact to the golfer's hands.

The technology uses a dual-layered construction of high-modulus fibers:

- Dual Torque Core Technology reduces torque and improves shaft stability through an application of High Modulus Fiber and Pitch Fiber.

Key Benefits

- Right Start-Line Tendencies: Designed for golfers looking for the most right startline using more toe down deflection.
- Smooth Face Delivery: Responsive loading and unloading characteristics help golfers return the club consistently through impact.
- Consistent Impact Conditions: Promotes repeatable club delivery while maintaining stability throughout the swing.
- Enhanced Feel: Dual Torque Core maintains the smooth, active feel players prefer while providing improved clubhead control.

The result is a shaft that delivers effortless feel, predictable club delivery, and repeatable performance.

Player Type: Players seeking right start-line tendencies, smooth loading characteristics, and consistent club delivery.

ALDILA™ ROGUE ∞ RED FEATURES

- ✓ HIGH MODULUS FIBER
- ✓ PITCH FIBER REINFORCEMENT
- ✓ LASER-ETCHED SHAFT DETAILING
