HIGH LAUNCH AND HIGH SPIN

Company	ALDILA®
Product Type	WOOD
Series	NV® (ORIGINAL)
Year	

The ALDILA® NV® and NVS are some of the most popular after-market shafts ever. The ALDILA® NV® features ALDILA®'s Micro Laminate Technology® (MLT). MLT offers the player enhanced performance and feel. The consistent taper and slim profile produces a shaft with consistent performance, flex and feel from the butt-end to the tip. The ALDILA® NVS has a softer tip-section that promotes a higher ball flight.

Technologies: NexGen Micro-Laminate Technology® (MLT)
