

# // ASCENT™ PL HYBRID/IRON

## MID LAUNCH, MID SPIN HYBRID/IRON

<b>Company</b>	Aldila®
<b>Product Type</b>	HYBRID/IRON
<b>Series</b>	ASCENT™
<b>Year</b>	2023

ASCENT PL Hybrid/Iron was built to complement the mid-launching, mid-spinning performance of Ascent PL Woods. ASCENT PL Hybrid/Iron shafts are a lightweight, versatile design meant to fit a wide range of players seeking higher launch and easy distance. Ascent PL Hybrid/Iron shafts were designed to complement stronger lofted irons to increase the angle of descent into greens and provide a softer, more receptive ball flight. Golfers will enjoy more consistent center-face contact and a seamless transition from Ascent PL Woods into the hybrids and irons.

Shaft Name	Flex	Length (in)	Weight (g)	Tip O.D. (in)	Tip Length (in)	Butt O.D. (in)	Torque (degrees)	Kick Pt.
ASCENT™ PL Hy/Ir 40	W	41	49	0.370	5.5	0.590	5.4	Mid-Low
ASCENT™ PL Hy/Ir 50	A	42	59	0.370	5.5	0.580	5.3	Mid-Low

<sup>1</sup> All golf shafts are design to be butt trimmed to length.

<sup>2</sup> Golf shaft installation should only be completed by a qualified, trained golf club builder. To find an authorized ALDILA® account in your area, please visit our website.
