The ALDILA® ROGUE® offers unmatched performance and consistency through the use of advanced, extremely high modulus, Graphitic Carbon Fibers that provide performance characteristics never before available in a golf shaft. Building off the success of the ROGUE BLACK 110 M.S.I. Limited Edition which featured 110 M.S.I. Graphitic Carbon Fiber, we have taken ROGUE® performance to another level by incorporating even stronger 130 M.S.I. Graphitic Carbon Fiber.

The ROGUE® Black 130 M.S.I. is a mid-high launch, mid spin shaft with a reinforced tip-section fortified with 130 M.S.I. Graphitic Carbon Fiber and a higher-balance point.

**Technologies:** DIALEAD™ Pitch Fiber, High Balance Point, NexGen Micro-Laminate Technology® (MLT)
