

// ROGUE® SILVER 130 M.S.I.

LOW LAUNCH AND LOW SPIN

Company	ALDILA®
Product Type	WOOD
Series	ROGUE® Silver
Year	2018

The ALDILA® ROGUE® offers unmatched performance and consistency through the use of advanced, extremely high modulus, Graphitic Carbon Fibers that provide performance characteristics never before available in a golf shaft. Building off of the success of the ROGUE® Limited Edition – which featured 125 M.S.I. Graphitic Carbon Fiber, we have taken ROGUE® to performance to another level by incorporating even stronger 130 M.S.I. Graphitic Carbon Fiber.

The ROGUE® Silver 130 M.S.I. is a low-launch, low-spin shaft with a low torque tip-section fortified with 130 M.S.I. Graphitic Carbon Fiber, a higher balance point, and a premium ion plated finish.

Technologies: DIALEAD™ Pitch Fiber, High Balance Point, Ion Plating, NexGen Micro-Laminate Technology® (MLT)
